Chapter 1 by Japhet

1. You don't always wake up on a sunny morning and the windows are wide open. It rained last night and burglars will not spare an open window.
2. Your roommate doesn't always kiss you every morning. She'll probably complain of your bad breathe and snore fest last night.
3. Explosions follow sonic booms. You will probably be swept away by the blast so run! Unless you are Chuck Norris.
4. Spies don't enjoy bourbon, sexy ladies and first class suits. They are average Joes with brilliant espionage skills working on low profile.
5. Six-pack abs are IRL an "Ab", sorry ladies. (Counts mine, dah, nevermind)

Chapter 2 by ArchAngel

1. They're having a romantic dinner under the stars. The camera pans up, and you guessed it -

3. You're running away from mercenaries with years of combat training. But you're in luck, they've only been trained to shoot dirt, parked cars and shipping containers. You live to fight another day.

4. A killer calls the FBI. Okay everyone, we need to keep them on the phone so we can run a trace. Darn it, they hung up after 59 seconds, they're on to us! *"Erm, excuse me, in reality, calls can be traced instantaneously."* Shush you, there's still an hour of the film to go.

5. Also, in most films, nobody ever needs to go to the bathroom. Call of Nature? No, not for me thank you. Bladder damage and kidney infection you say? Pish and piffle, I have the bladder of a camel!
